MeridianAI accelerates qualitative data analysis, transforming hours of manual work into actionable insights in minutes – a 3-hour manual transcription process is reduced to just 20 minutes with 95% accuracy, while file processing takes only 5-10 minutes. MeridianAI provides fast, scalable and unbiased analysis using an AI-powered chatbot, multi-language support and tone selector. It auto generates actionable recommendations, allowing teams to focus on strategic decision-making. **To obtain your free trial member codes, email gail.jaffa@psmg.co.uk**

20% OFF FEEDBACK INTELLIGENCE

Feedback Intelligence from MyCustomerLens provides rapid analysis of your existing client feedback data. Many firms are struggling to unlock the full value of their client listening, held back by manual analysis and reporting. Feedback Intelligence solves this by unifying your data and delivering AI-driven insights to interactive dashboards. Our experts then provide a summary report with key themes and actionable recommendations. **For 20% off Feedback Intelligence (and 10% if you make the move to always-on client listening) email gail.jaffa@psmg.co.uk**
